At **BOSS Heavy Haul and BOSS Crane & Rigging**, we understand the complexities of heavy transport and lifting operations. Whether it's transporting oversized cargo or executing precise, critical lifts, your project's success depends on safety, efficiency, and reliability. With over 150 years of combined experience, BOSS is your trusted partner for meeting these needs—head-on.

WE SOLVE YOUR BIGGEST CHALLENGES

BOSS' clients enjoy reliable, efficient, and safe transport, lifting, and rigging solutions tailored to their specific and unique project requirements. We handle super-heavy, oversized, or delicate loads with complex logistics, tight schedules, and strict safety requirements. BOSS understands the challenges you face and delivers reliable, safe, and efficient solutions, with end-to-end project management including engineering, permitting, transport, and lifting.

SAFETY IS PRIORITY ONE

BOSS prioritizes safety in everything we do. From meticulous lift planning to rigorous safety protocols, our certified and experienced operators ensure your project is completed safely without incident, on time, and within budget.

SPECIALIZED EQUIPMENT FLEET

With BOSS, you benefit from a company-owned fleet, giving you direct access to the latest equipment. BOSS offers state-of-the-art mobile, crawler, and hydraulic cranes ranging from 8 tons to 900 tons, along with highly skilled and certified personnel. BOSS also offers various rigging services to complement our crane fleet, ranging from complex rigging projects to gantry, jack and slide services, and high-capacity skate systems. BOSS Heavy Haul moves minor loads to over-dimensional across the USA using its fleet of over 45 trucks and 100+ specialized trailers.

24/7 NATIONWIDE PROJECT PARTNERSHIP

BOSS is more than just a service provider—we're your project partner. Operating nationwide with 24/7 availability, our team seamlessly integrates with yours to offer full-scale support. Whether it's a single move or a multi-phase project, we handle every detail to keep your project on schedule and within budget, minimizing disruptions and ensuring smooth execution at every stage.

Ensuring every lift and transport operation is executed with precision, care, and unwavering commitment to protecting both people and equipment.

TAKING ON YOUR HEAVIEST CHALLENGES - WITH THE POWER TO LIFT AND MOVE ANYTHING

As the industry leader in heavy lift and transport, BOSS employs the best talent and tools to deliver **specialized transport and customized crane and rigging services**. With decades of expertise, we ensure maximum uptime and efficiency across various industries.
